

## **The Communications (Comms) Change Team:**

This team develops, creates and distributes all comms to update on the transition, publicise events and develop communication across our community.

We'd love to see some innovative ideas developed along with traditional comms. From social media, vlogging, podcasts and maybe even a parish digital radio site to leaflets, prayer sheets and flyers, this team needs a variety of skill sets, creativity and the ability to communicate with care and accuracy.

*Duration: 18 months: approx. 1 meeting per fortnight*
